

## ➤ BENEFITS TO STUDENTS

Participation in the program gives students a chance to have a meaningful summer internship that can help further their careers after high school. They are given the opportunity to participate in the Chicago business community, and students are also able to earn money and save for college. In recent years, CSBI interns have been offered internships as runners at the Board of Trade, paralegals and accounting and auditing assistants. The students are able to better make career choices from their work experiences. Working in a professional environment gives the students a sense of what working will be like after college: the challenges, the responsibilities, and the feeling of accomplishment from a job well done.

- Full-time paid summer position
- Earn a competitive weekly salary
- Attend weekly seminars and workshops
- Opportunity to network and establish business contacts
- Obtain information about the college admissions process
- Eligible to receive monetary scholarships awarded to top-performing students at the end of the program

## ➤ WHO IS ELIGIBLE?

The program directors are looking for above-average achievers who are eager to learn. Eligible students should meet the following qualifications:

- Are currently Sophomores or Juniors
- Have a GPA of 3.0 or above
- Attend a public, parochial or private high school
- Are residents of the city of Chicago; and
- Have an annual family income of \$60,000 or less

*The CSBI program was a very rewarding experience for me! It placed me directly in a professional environment, provided me with valuable work experience and overall instructions on how to be the best possible future professional. Also, I believe noting my participation in CSBI was recognized on my college application, which led to the acceptance of the college of my choice.*  
Stacey Appiah, Morgan Park High School  
2007 Intern - Standard & Poor's

All qualifying Sophomores and Juniors attending public, private and parochial schools in the city of Chicago are encouraged to apply to the CSBI program. Students can obtain an application and other pertinent information from their guidance counselor or education to career coordinator. Additionally, you may download an application from CSBI's webpage at [www.cityofchicago.org/CSBI](http://www.cityofchicago.org/CSBI)

## 2008 Summer Internship Program

### ➤ OVERVIEW

The Chicago Summer Business Institute (“CSBI”), formerly the Chicago Summer Finance Institute, was founded in 1991 to provide meaningful summer jobs for Chicago high school students and to introduce them to the financial services sector. Despite the change in name, the Institute’s goals remain the same, to give its participants an incentive to continue their education while preparing them for the business world.

During its inaugural year, 25 positions at financial firms throughout Chicago were available to student interns. The numbers have climbed over the years. With the addition of Legal, Architecture, Engineering and Development firms, the Chicago Summer Business Institute has increased the positions offered to students. This has allowed the program to successfully broaden its goals, and reach out to more students interested in a valuable internship experience.

*“The Chicago Summer Business Institute helped jumpstart my career by placing me in an internship with a Fortune 500 company. The business experience and knowledge I gained have given me a foundation upon which to build my career. I will always remember that summer in CSBI as one of the turning points in my life.”*

**Paul Nowak, 2001 Intern  
Founder of The Iris Organization**
